F1H EURO CHALLENGE URKUNDE

Thomas Weimer

hat mit

19 Punkten

in der Klasse

F1H EURO Challenge

den **1. Platz** belegt.

Riegelsberg, 29. Oktober 2011

Ansgar Nüttgens
Organisator

Initiated by Event Manager

Ansgar Nüttgens

starting freeflight 1974 with F1H

**Plan B: Making Freeflight in future
again simple and not more complex !**

" F1H flying makes fun in finding good air by easy handling models! "

"F1H is a nice model class for starters in freeflight, especially children, but also experts, who can't or don't like anymore to follow the quick development of World-Championships classes with allways "higher, more technic and functions as also higher expenses for all ! "

■ Model d/t after 2min in 200m high, even don't sink, but turning in small circles around and came according the greece legend too near to the sun. After 2 min disappear in the sun and impossible to follow, I found it again by binocular and noticed, that it came slowly downwards. After 13min 39 sec it ladet in east direction of Donnersberg. I determined the direction with GPS. The F1H model would be found very easily in around 900m distance from the starting point on open fields. This flight is dedicated to my the new European champs F1H low Tec UWE Rusch, who would like to fly with us, but had big disaster at his house and car by damage by hail in size of tennisball and terrible thunderstrom.
