**It's a sad news,
that Novum CUP
can't be repeated**

**reasons: the Hungarians have
great problems with using their
wellknown flying fields, due most
are now special National Park
and/or Natura 2000 area (21% of
the country!) and therefore high
administrative work for receiving
autorization necessary. Tapolca
using in June without knowing
about autorization necessity lead
to a high fine, therefore
organizers are not willing to take
risk and refuse organizing
contests.**

Sorry for this Dilemma !
